STOP HIP BURSITIS

ACTION PLAN

www.shannonavechiro.com.au

HOW TO USE YOUR ACTION PLAN

Congratulations on downloading our action plan and taking the first step towards combating Hip Bursitis at home.

After over a decade of treating patients with Hip Bursitis and developing at home care plans for bursitis sufferers Dr Matthew has developed this plan so that he can help more people like you!

This plan works three fold by helping to identify if you have Hip Bursitis guiding you through preventative measure and at home treatment if a flare up does occur.

HOW DO YOU IF KNOW YOU HAVE

HIP BURSITIS

Take our quiz below to see if your symptoms and risk factors are indicative of Hip Bursitis

RISK FACTORS

- Have you had an injury to the point of the hip?
- Do you exercise or have a job that could cause overuse or injury?
- Do you have poor posture?
- Are you Pregnant?
- Have you had surgery around the hip or prosthetic implants in the hip?

SYMPTOMS

- Pain on the outside of the hip and thigh or in the buttock?
- Pain when lying on the affected side? Such as sleeping at night.
- Pain when you press in or on the outside of the hip?
- Pain while exercising such as walking up stair or running?

*If you have ticked yes to any of the above you could have Hip Bursitis.
Bursitis should always be officially diagnosed in clinic by a medical professional.*

EXERCISE

Avoid activities and exercise that aggravates your Bursitis

RUNNING

CYCLING

HEAVY WEIGHTS

HIGH IMPACT EXERCISE

CREAM

STRETCHING

Plan

PLAN FOR SUCCESS

“ You only get out what you put in, ”
So invest in yourself!

DIARISE IT

Set yourself a start date and mark it in your diary. This way you can track your progress and make note of what helps and hinders your recovery

MAKE IT A ROUTINE

Make your stretching, exercises and icing a part of your daily routine, consistency is key when it comes to your recovery

BE ACCOUNTABLE

Make yourself accountable by setting reminders in your phone so you don't forget. Soon you will have created a positive habit.
